Network Engineer – Access domain & Automation

Application deadline: 2025-12-10

Budapest

Magyar Telekom Nyrt.

Teljes munkaidő- határozatlan idejű

What You'll Bring

- Minimum 2 years of experience in network engineering.
- Solid understanding of Layer 2 / switching protocols. (Network associate level knowledge is an advantage.)
- Good understanding of network management systems.
- Familiarity with network interfaces and concepts (northbound/southbound).
- Strong communication skills in English in an international setting.
- Analytical mindset with experience in defect finding and isolation.
- Ability to work efficiently within a cross-functional team.
- Confidence to lead and present smaller projects independently.

Even Better If You Have

- 2+ years in the telecommunications domain.
- Experience in IT or enterprise environments.
- Completed CCNA or higher-level courses (or certification).
- Knowledge of interfaces and protocols such as Restconf, Netconf, SNMP, Kafka, etc.
- Experience with SDN technologies.
- Understanding of GPON / XGS-PON technologies.
- Hands-on experience with access equipment (OLT, MSAN, ONT, CPE).
- Experience with Huawei and/or Nokia OLTs.
- Scripting skills for automation.
- Strong troubleshooting skills in fixed access

networks.
- Familiarity with network monitoring and management tools.
- *If you don't tick every box, don't worry — we will help you grow into advanced fixed access network technologies.*

- before they reach customers.
- Support Telekom countries with new device onboarding.
- Contribute to the evolution of network management interfaces (northbound and southbound).

What we offer

- The opportunity to work on cutting-edge network technologies and shape the future of telecommunications.
- Continuous professional development through training and courses (e.g., Coursera, Percipio).
- Flexible working hours with partial home office options.
- Comprehensive benefits package (laptop, mobile phone, cafeteria, insurance).
- Employee discount rates on Telekom services.
- Modern, multinational working environment with amenities like a sky bar and rooftop gym.
- Access to our Employee Assistance Program.
- Comprehensive Healthcare Package
- You will receive a minimum of 25 days of basic vacation per year (based on age)
- We offer 15 days of additional vacation if you become a father, with 100% pay

Training opportunities

- You'll have access to thousands of professional and skills development materials from our extensive digital training palette
- We offer regular internal training sessions and workshops
- You can learn English and German, even with a native speaker
- You'll have access to Percipio and Coursera courses

When?

- Whenever you can join us

Where?

- We follow a flexible hybrid model. You can work from home or from our office next to the lab (where you'll have a dedicated desk). To maintain strong collaboration, we require at least 2 days per week onsite at our Budapest HQ.
